

Strategic Growth Through Exporting

Regardless of where your company is today, Expotech™ takes you to the next strategic level. Build your customized, strategic export expansion plan with data, best practices, and a repeatable, results-proven process focused on ROI, execution, and minimal risk.

The Expotech™ process:

- ▶ Join a carefully selected group of up to eight non-competitive manufacturers where you identify your gaps and hurdles to expansion and develop your customized export plan to dramatically drive growth.
- ▶ Your executive team gains access to real-world experts, individualized coaching to develop your export growth plan emulating best practices of highly successful exporters. Everyone on the Expotech team brings years of manufacturing export experience.
- ▶ Identifies your knowledge gaps and drives improvements with best practice global strategies and tactics.
- ▶ Fully develops your value proposition and strengthens your market differentiators.
- ▶ Identifies countries with the least risk and greatest return on investment potential utilizing a customized market research scorecard.
- ▶ Builds your sales channel strategy, competitive pricing in-country strategy (often companies can double their prices and command it), marketing plan, three-year P & L with clear breakeven and profitability, and your action plan for execution.
- ▶ Vets your final plan with real-world manufacturing exporters.
- ▶ Delivered in partnership with the Wisconsin Economic Development Corp (WEDC) integrating all available Wisconsin Expotech graduate offers, grants (over \$25,000), and scholarships for plan implementation.
- ▶ Implementation is key. WMEP sticks with you as you drive for measurable ROI and business results.

Wisconsin's program leads the nation in business results and has been named "Best in Nation" by the U.S. Department of Commerce. This is the only program nationwide to graduate Governor's Award winners, US Department of Commerce President's "E" Award and "E STAR" winners for year-over-year revenue increases. Since 2009, nearly 350 Wisconsin manufacturers have graduated from the program, each averaging close to \$1 million in new export sales.

How does ExporTech™ work?

“...the ExporTech™ Network and program are an excellent launching platform for expanding a companies business.”
Philip Gould, Automotive Sales Manager, E. R. Wagner Manufacturing Co.

“The [ExporTech™] experience was a great investment for the company! I would strongly recommend it to others.”
Chris Bessent, DVM, CEO, Herbsmith, Inc.

“The ExporTech™ process identified key strategic markets in which to focus and the Market Assessment and Partner Search provided an organized agenda for a follow-on visit to the U.K. which yielded many promising leads for potential partners. ExporTech™ helped us launch a long-term strategy to take our product to the world market. We are very satisfied with the results and process.”
John R. Petras, Director of Business Development, Odyne Systems LLC.

Results gained at Lucigen - 2013 participant & 2017 Award Winner:

- ▶ Increased export sales in key markets 61% in 2016, almost tripled in 2017
