

We help manufacturers become more profitable and valuable

Our manufacturing experts develop solutions to your company's biggest challenges.

WMEP Manufacturing Solutions is a non-profit that exists for the sole purpose of helping improve the performance of Manufacturing companies in Wisconsin. We work with manufacturers to identify, and prioritize actions they can take to advance their organizations.

Key challenges and opportunities WMEP helps manufacturers with include:

Automation

We help manufacturers select and implement the best automation projects for their business resulting in:

- Increased productivity
- Improved throughput
- Profit and value growth
- Reduced labor impact

Growth & Strategy

We help manufacturers prioritize opportunities and grow profitability through:

- Strategy formulation
- Strategy execution
- Market development
- Marketing and sales execution
- Exporting

Sustainability

We help manufacturers advance sustainability programs resulting in:

- Increased efficiency
- Waste reduction
- Obtaining credentials needed to integrate and operate sustainably
- Wider market opportunities

Workforce

We partner with your team to create processes and programs that:

- Reduce turnover
- Improve employee retention and engagement
- Increase employee satisfaction
- Attract more workers

Operational Excellence

WMEP assists manufacturers in establishing continuous improvement programs that result in:

- Cost and waste reductions
- Productivity gains
- Faster throughput
- Improved employee retention

Certifications

WMEP lead auditors and implementers assist with certifications and management systems that:

- Open doors with new customers
- Build a foundation of continual improvement
- Establish a systematic approach for managing your business

Transformational Productivity

WMEP's Transformational Productivity Program helps companies identify, and prioritize critical actions that drive significant improvements in productivity.

WHO WE ARE

As a private non-profit corporation, we focus fully on generating positive results for our clients.

Our team of manufacturing experts work side-by-side with hundreds of manufacturers each year, helping them develop and implement effective solutions that address their biggest challenges.

We closely monitor trends and best practices in manufacturing, and proactively develop solutions that meet the existing and emerging needs of manufacturers.

We create results that count.

On every client engagement, we are evaluated on both the results we produce together and our partner's satisfaction with our services.

The vast majority of our clients experience a strong return on the projects for which they hire us.

WMEP Manufacturing Solutions is part of the MEP National Network™, a public-private partnership that advances U.S. manufacturing. MEP Centers are located in all 50 states and draw on the talents of over 1,400 trusted advisors and experts.
